SUMMARY OF QUALIFICATIONS

Seeking a developer position where I can contribute and grow with a team. With a background in graphic design in advertising, I bring a creative eye, top proofreading skills, project management and communication skills.

- **SKILLS:** JavaScript, React, Redux, Node.js, MongoDB, HTML, CSS, Git, GitHub, NPM, REST APIS, Adobe Indesign, Photoshop, Illustrator, graphic design, communication, project management.
- **FAMILIAR WITH:** Visual Basic, C#, C++, Java, SQL, XML

PROJECTS

- **TRAIL TIME**
A full stack MERN application that allows users to explore off road trails and add their own to the list as well
- **LET'S ROLL**
A Node.js application that allows users to schedule board game sessions with others.
- **LUNCH AND A LAUGH**
An application I built to learn APIs. It pulls information from the FourSquare API and the Official Jokes API.

PROFESSIONAL EXPERIENCE

DW Green Tempe, AZ

- **SENIOR GRAPHIC DESIGNER** (August, 2015 - present)
- **GRAPHIC DESIGNER** (July, 2009 - August, 2015)
Act as account manager. Communicate with clients to design requested ads. Proofread ads and prepare for press. Work as a team with other accounts to prioritize workload and schedule. Delegate work to production artists and provide tips and instruction to help ensure the ads are consistent and help them grow as artists.

American Color Graphics / Vertis Communications Phoenix, AZ

- **SENIOR GRAPHIC DESIGNER** (December, 2008 - July, 2009)
- **GRAPHIC DESIGNER** (May, 2007 - December, 2008)
- **DESIGN ASSISTANT** (March, 2006 - May, 2007)
- **PRODUCTION ARTIST** (February, 2004 - March, 2006)
Prioritize, delegate and coordinate the completion of projects. Proofread ads and provide instruction to production artists, design assistants and graphic designers to ensure projects are completed efficiently and uphold brand standards. Communicate with multiple printers, corporate contacts, and regional offices to assure projects are completed on time. Design and prepare ads, point of sale signage, brochures and other print collateral for multiple clients under tight deadlines.

EDUCATION

Mesa Community College Mesa, AZ

- Associate of Science in Computer Programming, graduated summer, 2013

Arizona State University Tempe, AZ

- Bachelor of Science in Industrial Technology, specialization in Graphic Information Technology, graduated cum laude December, 2003
